STEWARDSHIP

Flambeau Mining Company
Bell Laboratories, Inc.
Harley-Davidson Motor Company

For the 18th year in a row, the Wisconsin Environmental Working Group®, an affiliate of Wisconsin Manufacturers & Commerce, is recognizing nine companies with the Wisconsin Business Friend of the Environment Award. This year's winners have been chosen for programs that demonstrate an innovative approach to environmental protection, or a level of effort beyond that which is required by regulatory compliance. These success stories reflect the continued commitment of Wisconsin industry to environmental protection.

This year's award winners represent companies — both large and small — that have made significant improvements in the areas of pollution prevention, environmental innovation and environmental stewardship. Offering specific examples of successful programs, these nine winners demonstrate that sound environmental practices are good for Wisconsin's environment and its economy. They serve as important examples for industry.

Wisconsin Business Friend of the Environment award winners were selected by an independent judging panel that included representatives from industry, the Department of Natural Resources, and the University of Wisconsin-Extension.
